

# Missions and Values

The collective leadership and expertise of our 1.4 million members helps us tackle some of the world's biggest challenges, locally and globally. We are united by common values and vision for the future as we sharpen our focus with targeted specific causes that will reach communities most in need.

## Get Involved

When you get involved, it's not just your community, club, and projects that benefit- you benefit, too. As an active Rotarian, you'll develop skills like public speaking, project management, and event planning. You'll meet interesting people from your community and from around the world. You'll tackle local issues that are important to you and your fellow club members. You'll feel the shared sense of purpose that comes from working together to better your community.

We host two member meetings a month where community and business members network, grow their professional and personal relationships, build lifelong friendships, enjoy various presentations all while having a great time. We also plan an outing a month that may include a service project, visit a business or community organization, or have a social gathering to have fun interactions. We encourage our members to regularly participate in club activities, however, there are no compulsory attendance requirements and members contribute as best as they can.

### Rotary Monthly Meetings

1st and 3rd Tuesday's

at 12:00 PM

Nelly's

51 Federal St

St. Albans, VT 05478

(No Meetings in July)

We all have a mission of "Service Above Self"

# Our Campaigns

**UNITE FOR GOOD**

As an international organization, we direct our efforts in seven areas of service to enhance our local and global impact. Our most successful and sustainable projects and activities tend to fall within the following areas:

# Membership

It is truly an opportunity for service above self for the greater good of the community. It is an opportunity to meet new colleagues across the community in fun and engaging ways working on projects together, fundraising to improve the community, and volunteering for community activities and not-for-profit missions. It brings the community together in unity, friendship, and creating possibilities that impact the community at large. Learning from each other and what is available with professional education connects us too so much.

- ✔ Promoting peace
- ✔ Fighting disease
- ✔ Providing clean water
- ✔ Saving mothers and children
- ✔ Supporting education
- ✔ Growing local economies
- ✔ Protecting the environment
